Brighter Living offers residential and assisted living care for adults who need help with everyday tasks. Help is provided with dressing, bathing, eating, or using the bathroom. Residents do not need full-time nursing care. Non-ambulatory residents accepted. There are three levels of care available.

Brighter Living's Transitions program is for individuals who require support after leaving the hospital. Respite care is also available, if space permits, to give primary caregivers a much needed break.

Capacity is 100
