Lake Country Area Agency on Aging can provide home care services, including personal care. Home Care Services is a service provided to older and disabled

persons who may not need Nursing Home Care, but require some assistance with their day-to-day health and personal needs while living at home.

Home Care is helpful to persons with chronic or long term disabilities due to failing health or persons recovering from an accident or surgery. Home maintenance services such as shopping, meal preparation and light housekeeping are offered, along with personal needs such as walking, bathing and dressing.
