Sussex County Housing Department manages the Indoor Plumbing Rehabilitation (IPR) for Sussex County. The program provides 0% interest loans in non-entitlement cities and counties of Virginia to low to moderate income (LMI) owner-occupants of substandard housing where indoor plumbing does not exist or where the existing water delivery or waste disposal system has failed.

The program also provides for the general rehabilitation of these units, and for accessibility improvements to units occupied by persons with disabilities or where overcrowded conditions exist. The Virginia Department of Housing and Community Development (DHCD) contracts with local governments, nonprofit housing providers and housing authorities to administer the IRP program.

Service Area(s)

Sussex County
