The Indoor Plumbing Rehabilitation (IPR) program offered by Nelson County provides zero percent interest, forgivable loans in eligible localities for the installation of indoor plumbing to owners of substandard housing where indoor plumbing does not exist, or where the existing water delivery or waste disposal systems have failed. Loan repayments are determined by the homeowner's ability to make payments.

The Virginia Department of Housing and Community Development (DHCD) contracts with local governments, nonprofit housing providers, and housing authorities to administer the IRP program.
