Royal Cab offers wheelchair-accessible tax service in the District of Columbia (DC) with professionally-trained drivers and 10 ramp-equipped taxi minivans. Service is available 24/7 throughout the city.

You can request transportation by phone or by special form on the website. Please book trips in advance and remember there may be a 30 minute or more wait time. Taxis cannot accommodate an oversized scooter or wheelchair. You should choose a pickup location where you can access the street, as the service is curb-to-curb. A fare Calculator is available to estimate the cost.

Service Area(s)

Washington DC
