ReHabitat is a Habitat-sponsored program intended to assist homeowners with critical repairs on their homes. Habitat volunteers provide critical repairs to existing homes of qualified low-income homeowners who could not otherwise afford them. These repairs address urgent needs: health, safety, and energy-efficiency issues receive first priority. These projects are usually short-term -- lasting only a few weeks -- and are carried out throughout the year as needed.

Application for critical repairs is required. Visit the website for application.

If you are interested in helping with the ReHabitat project, visit the [Volunteer](#) page.
