Yellow Paratransit offers a wheelchair-accessible taxi. All taxicab requests are subject to taxicab availability in your area at the scheduled pick-up time. Passengers can be picked up from Arlington and Montgomery County, Maryland if the destination is the District of Columbia. Service is not provided from Dulles or

Baltimore Washington International (BWI) Airports because those airports have their own accessible transit service.

The Washington DC accessible taxicabs are ADA-compliant and designed for standard-sized power wheelchairs and standard-sized scooters. The taxis will not accommodate an oversized wheelchair, such as one with extra adaptive equipment attached. Passengers can prearrange a service request from Reagan National Airport to a Washington DC destination.
