AUDIENT helps low income people nationwide access quality hearing aids and related care at a significantly lower cost. AUDIENT income qualifies families to be eligible for a discount on brand name hearing aids available through the network of hearing care providers.

This program was designed for individuals whose income is above the government's established poverty levels, but who still find it difficult to afford quality hearing care. Offers reduced cost hearing aids, ear molds, a fitting, three follow-up visits and one year limited manufacturer warranty.
