The Alzheimer's and Memory Care Program at Sunrise at Fair Oaks is focused firmly on the individual and on providing a safe, familiar, yet stimulating environment. Sunrise's Reminiscence neighborhoods are specially designed to provide comfort and security in a separate environment for those with Alzheimer's, dementia, and other forms of memory loss. The team is trained to value each senior and recognize their preferences and needs. Memory loss affects every resident differently and focuses on understanding each senior to provide care they respond to positively.

The capacity for assisted living and memory care is 112.
