Lake Prince Woods offers a Special Care Unit for individuals suffering from dementia, memory care, or Alzheimer's disease. The secure, homelike environment provides each resident with a private apartment with 24-hour care, including access to the outdoors in an enclosed courtyard. The daily rate includes three meals a day, housekeeping, 24-hour nursing and supervision, and activities geared for residents with dementia and memory loss. The capacity for assisted living and memory care is 54.

An individual does not have to be a resident in independent living to enter into assisted living or nursing home care, as long as space is available.

Lake Prince Woods is owned and operated by EveryAge, formerly United Church Homes and Services.
