Arbor Terrace Sudley Manor offers residential and assisted care. Assisted living facilities are non-medical residential settings that provide or coordinate personal and health care services, 24-hour supervision, and assistance for the care. Residential and assisted living care facilities provide care and services for adults who require assistance with at least two activities of daily living.

Living levels of care are determined to ensure that residents receive individualized assistance. The Resident Care Director, a licensed nurse, determines the appropriate level of care for each resident by completing a comprehensive assessment of each resident's abilities and needs. These assessments are reviewed quarterly or as a resident's condition changes so that a resident's needs and staff assistance are always aligned.

The Capacity for assisted living and memory care is 82
