Mercy Medica Angels has been providing free transportation to patients for medical care since 1972. On the ground with gas cards, bus and train tickets, and in the air with trips flown by volunteer pilots and commercial airlines, we are here to ensure that no one is denied medical care because they don't have transportation. All patients must be physically capable of boarding a small plane or commercial airliner and require no medical assistance during travel. Please click on the "Request Assistance" button on our website to start the process.
