The Garden offers memory care for individuals with memory impairment.

Every resident at The Garden is made to feel safe, comfortable and supported. Licensed for 24-hour nursing care, our priorities are keeping your loved one safe while providing opportunities to enrich their life. We approach memory care using the advanced Household Model, which moves away from regimented, planned schedules and incorporates truly personal care for each individual.

The multi-dimensional programs at The Garden target residents' physical, social, spiritual and psychological needs with activities and events on campus as well as planned outings. Your loved one will enjoy amenities such as:

- Completely secure, monitored campus
- Large open lobby with television
- Beautiful sun-drenched sitting room with fireplace, comfortable seating and skylights
- Individualized plans of care and support
- Specialized activities and events fostering interaction and socialization
- Stories from the Heart that gather residents around the cozy fireplace

Service Area(s)

Richmond County
