Senior Runs is a ride-sharing and companion care company that provides companion rides for seniors. Companion drivers help to ensure the availability of adequate transportation support and companionship for seniors struggling to preserve their independence and life routines. Having a companion by your side versus traveling alone can ensure your safety and well-being during routine outings.

Senior Runs is helpful to

- Seniors who should not or do not feel safe traveling alone
- Seniors who require more than a pick-up or drop off service of a taxi or Uber
- Seniors who can't afford or secure transportation from a home care agency due to minimum hourly requirements
- Family caregivers who live long distance and cannot provide transportation
