Loudoun Habitat for Humanity provides critical home repair services to qualified homeowners, when funds are available.

Critical Home Repair projects may include:

- Repair/Replace roofing, siding, windows etc.
- Repair/replace major systems
- Providing accessibility accommodations

Our Weatherization program performs repairs to create a safe and energy efficient home that are based on an energy audit of the home.

Home Preservation may include: Exterior repair of trim, gutters, soffit, fascia, siding, handrails, fences, stoops, landscaping and other surfaces.

Loudoun Habitat for Humanity's Home Repair Program covers tasks such as: exterior painting and material repairs, building or repairing ramps or sheds, building or repairing a porch or deck, gutter repair and cleaning, sidewalk repair, and other necessary accessibility repairs.

Service Area(s)

Loudoun County
