Senior Planet, powered by OATS (Older Adults Technology Services), harnesses technology to change the way we age. Online courses, programs, and activities help seniors learn new skills, save money, get in shape, and make new friends.

Senior Planet is about much more than just the latest gadgets and apps and websites. Those gadgets and apps and websites are just means to an end: enabling older adults and people of all ages to come together and find ways to learn, work, create, and thrive in today's digital age.
