Independent You has drivers to provide safe and reliable transportation for seniors to get to their medical appointments. Wheelchair transportation may be possible if the wheelchair can fit in the vehicle's trunk and the individual can get in the vehicle. Transportation is provided to and from medical appointments, dental appointments, physical therapy appointments, or to the pharmacy.

Drivers are fully insured and have gone through complete background checks which include state and county criminal checks, and DMV record reviews. Drivers can provide transportation to seniors in their own vehicles or yours. Transportation services are available in the Northern Virginia area. Additional areas can be considered upon request.

Transportation can also be provided to take you on your errands, wait for you, and bring you back home.
