English

Brain Injury Solutions provides support services to survivors of acquired brain injury, their families, and community based providers in the southwest, southside, and central Virginia.

Volunteers offer companionship and socialization to a survivor of brain injury during community outings and social opportunities agreed upon by both the volunteer and survivor.

Volunteers participate in

- a minimum of once-a-month community outings with your PAL for twelve months,
- connection with their PAL by phone, email, or text once a week ,
- report on monthly activities with their assigned PAL during at least a quarterly check-in and as needed with a volunteer coordinator.
